

RFL

Resources or London : Covid -19 Update

As a tenant of RFL, we appreciate your support which has enabled us to keep the centres open, allowing those who are providing valuable services to the most venerable to continue their work. Recognising the ongoing changes that Covid-19 brings our highest priority is still the health and well-being of our tenants and colleagues. With the recent government announcements in mind, we want to update you on the actions we will be taking over the next month.

- A thorough review and risk assessment of all communal spaces within the centre
- Installation of social distancing signage in communal spaces
- Implementation of changes within communal spaces to reduce possible surface-to-surface transmission
- Issuing a set of centre based guidelines and Covid-19 Protocol to all tenants

We will continue to monitor and react to both our own protocols and those issued by the governments throughout the UK. The government guidance on workspace can be found [here](#) it contains information you need to consider about your own spaces within our centres and actions you may need to take.

We will be in contact again before 1st June with a further update in the meantime we wish everyone good health.

Best wishes

The Ethical Property Team at RFL
